Recovery Generation Youth House is a unique platform created by young people in partnership with the Ministry of Youth and Sports of Ukraine and international partners within URC 2026, bringing together youth leaders, decision-makers, international organizations, and civil society representatives.

More than an event, Youth House is a symbol of a shared home for a generation shaping Ukraine's future. It is a space of trust, dialogue, and co-creation where young people from Ukraine and around the world come together as equal partners, united by a shared responsibility for recovery, resilience, and Europe's future.
